**JOINT CASE MANAGEMENT CONFERENCE
STATEMENT AND RULE 26(f) REPORT**

CMC Date: July 22, 2020
CMC Time: 2:00 pm
Judge: Hon. Lucy H. Koh
Courtroom: 8

1 **JOINT CASE MANAGEMENT STATEMENT AND RULE 26(f) REPORT**

2 Plaintiffs Saint Paulus Lutheran Church, Heddi N. Cundle, Lisa T. Johnston, Therese
 3 Jimenez, and Kristen Hartmann (collectively, “Plaintiffs”), and Defendants Zoom Video
 4 Communications, Inc. (“Zoom”), Facebook, Inc. (“Facebook”), and LinkedIn Corporation
 5 (“LinkedIn”) (collectively “Defendants”), by and through their respective counsel of record, hereby
 6 jointly submit this Case Management Statement and Fed. Rule 26(f) Report pursuant to Civil Local
 7 Rule 16-9, the Standing Order for All Judges of the Northern District of California, Federal Rule of
 8 Civil Procedure 26(f), and the Court’s Order setting the Initial Case Management Conference for July
 9 22, 2020.¹

10 This Joint Case Management Statement follows the parties’ Rule 26(f) conference on July 7,
 11 2020. At that conference, Interim Co-Lead Class Counsel for Plaintiffs advised counsel for Facebook
 12 and LinkedIn that Plaintiffs had not yet determined whether they would name Facebook and
 13 LinkedIn as Defendants in the consolidated amended complaint.

14 **1. JURISDICTION AND SERVICE**

15 Plaintiffs contend that this Court has subject matter jurisdiction over this class action pursuant
 16 to 28 U.S.C. § 1332 because certain Plaintiffs, putative class members, and Defendants are citizens of
 17 different states and the amount in controversy exceeds \$5,000,000, exclusive of interest and costs.

18 Defendants reserve their right to challenge subject matter jurisdiction in response to the
 19 consolidated amended complaint, which is due to be filed on July 30, 2020.

20 No parties remain to be served.

21 **2. FACTS**

22 **Plaintiffs’ Position**

23 Zoom provides video-communication services using a cloud platform for video and audio
 24 conferencing, collaboration, chat, and webinars. Zoom is the most popular of these platforms,

25
 26
 27 ¹ The Parties expressly reserve all of their rights and defenses, and, by entering into this Joint Case
 28 Management Statement, in no way intend to waive any rights and defenses they may wish to exercise
 or assert in these actions or any related actions.

1 recently peaking at over 300 million daily meeting participants in April 2020, up from 10 million in
2 December 2019.

3 Plaintiffs allege that Zoom uses data-mining tools to collect users' personal information and
4 shares it with third parties without users' consent, including widely reported instances of
5 unauthorized data sharing with Facebook, Inc. and LinkedIn Corporation. Zoom allows these third
6 parties to use such personal information to target users with advertisements. Plaintiffs also allege that
7 Zoom fails to implement proper security measures to protect users' privacy and secure their
8 videoconferences against unwanted intrusion or surveillance. As a result, "Zoom bombing" by
9 uninvited participants has become frequent. Zoom's videoconferences are not end-to-end (also
10 known as "E2E") encrypted — which means that in addition to the participating users, Zoom has the
11 technical ability to spy on the videoconferences and, when compelled by the government or others, to
12 reveal the contents of the videoconferences without the users' consent. Plaintiffs bring this class
13 action on behalf of Zoom users who were harmed by Zoom's conduct.

14

Zoom's Position

15

16 Zoom is a unified communications technology company founded in 2011 by its CEO Eric
17 Yuan. Its mission is to make video communications frictionless. Zoom's videoconferencing app—
18 which, until recently, was largely focused on sophisticated business customers and larger institutions
19 with robust IT departments—has become a critical tool for individuals, schools, government
20 agencies, and other organizations to stay connected and operational during the COVID-19 pandemic.
21 Despite this sharp increase in demand, Zoom has worked tirelessly to keep its services operational
22 and secure, and has proactively adapted its measures, policies and platform to better serve its
23 expanded user base. Zoom maintains robust security policies and practices and takes seriously its
24 responsibility to protect the privacy of its users. It has responded quickly, responsibly and
25 transparently to data privacy and security issues that have come to its attention in the context of the
26 explosive growth of its platform during a time of extraordinary national and international challenge.

27 At this early stage of the litigation, and given that Plaintiffs have not yet filed their
28 consolidated amended complaint, Zoom respectfully submits that any detailed discussion or

1 refutation of Plaintiffs' factual allegations is premature. As a general matter, Zoom denies the
 2 material allegations set forth in the various individual complaints that have been consolidated before
 3 the Court. Specifically, Zoom denies that it collects and shares users' personal information with
 4 unauthorized third parties without users' consent. Zoom also denies that its privacy and security
 5 practices are insufficient, including with respect to what Plaintiffs describe as "unwanted intrusion or
 6 surveillance." Zoom has never built a mechanism to decrypt live meetings for any purpose,
 7 including lawful intercept, and it is not possible for any person to join a meeting without being visible
 8 as a participant. Zoom also disputes Plaintiffs' claims that the phenomenon known colloquially as
 9 "Zoombombing" reflects a failure of Zoom to implement property security measures, but in any event
 10 Zoom has taken a number of steps to quickly address this issue, including, among other things,
 11 educating users about Zoom's functionality and reminding them not to post meeting IDs online,
 12 changing settings so meetings are password protected and have virtual waiting rooms by default, and
 13 providing meeting hosts with easy access tools to lock participants out of meetings and to report
 14 abusive conduct. Zoom further denies that it has violated any laws or that Plaintiffs are entitled to
 15 any relief whatsoever.

17 Zoom reserves all rights to identify factual disputes once Plaintiffs have filed a consolidated
 18 amended complaint.

19 **Facebook's Position**

20 Facebook offers software development kits, or SDKs, to third-party app developers like
 21 Zoom. These SDKs include various business tools that provide enhanced functionality to third-party
 22 apps. An example is Facebook Login, which enables users to log in to third-party apps using their
 23 existing Facebook account credentials.

24 By using Facebook SDKs, a developer chooses to share certain data obtained from their users
 25 with Facebook, and Facebook may use this data in various ways, including to provide targeted ads.
 26 These matters are disclosed by Facebook several times over. They are disclosed to Facebook users
 27 and non-users in Facebook's Data Policy. They are disclosed to the app developers who use
 28 Facebook's SDKs in Facebook's Business Tools Terms, Platform Policy, and Developer

1 Documentation. Facebook's developer-facing terms and disclosures explain that by using Facebook
 2 SDKs, developers are sharing user data with Facebook. The terms and disclosures also require that
 3 developers provide notice to their users disclosing that their data may be shared with and used by
 4 Facebook, including for targeted ads.

5 Any use by Facebook of Zoom user data was consistent with these disclosures; no use was
 6 "unauthorized," as Plaintiffs claim in their Position statement above.

7 **LinkedIn's Position**

8 LinkedIn is a social networking service that allows its members to create, manage, and share
 9 their professional identities and interests online. Among other services, LinkedIn offers Sales
 10 Navigator to help businesses target customers for their products.

11 LinkedIn provides an API that enables third parties such as Zoom to integrate LinkedIn Sales
 12 Navigator into their application. APIs are common tools that allow one service to exchange data with
 13 and access functionality from another service. A service, like Zoom, installs the API and then sends
 14 information from that service to another, like LinkedIn, to enable functionality. Here, the Sales
 15 Navigator API made it easier for Zoom users to view LinkedIn profile information of people in a
 16 Zoom call. Without the integration, users would have to separately navigate to LinkedIn's website,
 17 type in the participant's name, and then view the profile information. Instead, users could interact
 18 with Sales Navigator through the Zoom interface, and directly access information available to them
 19 on LinkedIn, without separately navigating to the LinkedIn website or app.

21 Use of LinkedIn's Sales Navigator API is subject to LinkedIn's general and specific API
 22 terms of use. Third parties, like Zoom, decide whether to integrate the Sales Navigator API to or
 23 remove it from their offerings. To return information from LinkedIn's site to users of a third-party
 24 application, like Zoom, LinkedIn had to receive information from Zoom or those users.

25 Plaintiffs have not filed a consolidated amended complaint, and it is unclear what claims, if
 26 any, will be alleged against LinkedIn in that complaint. It is premature to provide any detailed
 27 discussion of Plaintiffs' allegations. LinkedIn denies the allegations set forth in the single individual
 28 complaint naming it as a defendant, *Hurvitz v. LinkedIn*. LinkedIn denies that it received information

1 from Zoom users without their consent or without Zoom's consent and participation in the
 2 communication. LinkedIn further denies that it has violated any laws or that Plaintiffs are entitled to
 3 any relief whatsoever.

4 LinkedIn reserves all rights to identify factual disputes once Plaintiffs have filed a
 5 consolidated amended complaint.

6 **LEGAL ISSUES**

7 **Plaintiffs' Position**

8 At this stage, the primary legal issues in this action include the following:

- 9 a. Whether Defendants have valid defenses; and
- 10 b. Whether class certification is appropriate.

11 **Zoom's Position**

12 At this early stage of the litigation, and given that Plaintiffs have not yet filed a consolidated
 13 amended complaint, Zoom cannot know precisely what, if any, legal issues the Court will need to
 14 resolve in the course of this litigation. At the present time, and reserving all rights to assert any and
 15 all additional grounds after Plaintiffs file their consolidated amended complaint, Zoom states that the
 16 following legal issues may be at issue:

- 17 a. Whether the Court has subject matter jurisdiction over this dispute;
- 18 b. Whether Plaintiffs lack standing to assert their claims;
- 19 c. Whether Plaintiffs fail to state claims upon which relief can be granted;
- 20 d. Whether Plaintiffs have suffered any injury or damages as a result of Zoom's alleged
 conduct;
- 21 e. Whether Zoom's defenses preclude any recovery by Plaintiffs; and
- 22 f. Whether class certification should be denied under Rule 23.

23 **Facebook's Position**

24 Should the consolidated amended complaint name Facebook as a defendant, Facebook agrees
 25 with the positions stated by Zoom.

1 **LinkedIn's Position**

2 LinkedIn concurs and adopts Zoom's statement above.

3 **3. MOTIONS**

4 **Prior Motions:**

5 The parties in the now-related cases filed several Administrative Motions to Consider
6 Whether Cases Should be Related. *See* Dkts. 21, 25, 35, 36, 40, 46, 47, 58, 63, 65, 70.

7 On June 8, 2020, nine plaintiffs' counsel filed applications to serve as interim lead class
8 counsel. *See* Dkts. 69, 71-78. On June 30, the Court appointed Interim Co-Lead Class Counsel and a
9 Plaintiffs' Steering Committee. *See* Dkt. 92.

10 **Pending Motions:**

11 None presently.

12 **Anticipated Motions:**

13 **Plaintiffs' Position:**

14 Plaintiffs anticipate filing a motion for class certification.

15 **Zoom's Position:**

16 Zoom expects to file a Rule 12 motion in response to the consolidated amended complaint,
17 but reserves its right to determine the appropriate response until its deadline for responding to the
18 consolidated amended complaint. As necessary, Zoom will oppose any motion for class certification,
19 anticipates filing a motion for summary judgment, and may file other motions as appropriate.

20 **Facebook's Position**

21 Should the consolidated amended complaint name Facebook as a defendant, Facebook agrees
22 with the positions stated by Zoom.

23 **LinkedIn's Position**

24 If LinkedIn is named in a consolidated amended complaint, it expects to file a Rule 12 motion
25 in response, but like Zoom, reserves the right to determine the proper response until its deadline for
26 responding to that consolidated amended complaint. If the case proceeds past a motion to dismiss,
27
28

1 LinkedIn will oppose any motion for class certification, will likely file a motion for summary
2 judgment, and other motions as appropriate.

3 **4. AMENDMENT OF PLEADINGS**

4 On or before July 30, 2020, Plaintiffs will file a consolidated amended complaint. *See* Dkt.
5 92. Further amendments may be warranted after the Court's ruling on Defendants' Motion(s) to
6 Dismiss, if filed.

7 **5. EVIDENCE PRESERVATION**

8 The parties have reviewed the Guidelines Relating to the Discovery of Electronically Stored
9 Information and have taken reasonable and proportionate steps to preserve evidence relevant to the
10 issues in these actions. The parties are actively meeting and conferring for the purposes of
11 developing a joint protocol for the production of Electronically Stored Information ("ESI"). The
12 parties anticipate stipulating to a protocol governing ESI discovery in this matter.

13 **6. DISCLOSURES**

14 The parties conferred pursuant to Rule 26(f) on July 7, 2020. The parties named in the
15 consolidated amended complaint, to be filed on July 30, 2020, intend to serve their initial disclosures
16 by no later than August 14, 2020.

17 **7. DISCOVERY**

18 **Discovery taken to date:**

19 None.

20 **Scope of anticipated discovery:**

21 **Plaintiffs' Position:**

22 Plaintiffs anticipate significant written discovery, document productions, and deposition
23 practice. The targeted areas of document discovery may include, but are not limited to, Zoom's
24 sharing of user's personal information, Zoom's security and privacy measures, and Zoom's failure to
25 investigate and disclose to users that Zoom had experienced failures related to its services and
26 products. Discovery should commence immediately.

1 **Zoom's Position:**

2 At this early stage of the litigation, and given that Plaintiffs have not yet filed an operative
 3 complaint indicating the factual and legal theories they intend to pursue, the appropriate scope of
 4 discovery is unknown. Based on the scattershot factual and legal theories articulated in the numerous
 5 complaints filed prior to consolidation, Zoom expects to bring a substantial Rule 12 motion in
 6 response to the consolidated amended complaint. This motion may eliminate or substantially reduce
 7 the scope of the case and thus the corresponding scope of discovery. Thus, Zoom's position is that
 8 discovery should be deferred until after Plaintiffs file their operative complaint and after the Court
 9 rules on Zoom's anticipated Rule 12 motion or motions.

10 **Facebook's Position:**

11 Should the consolidated amended complaint name Facebook as a defendant, Facebook agrees
 12 with the positions stated by Zoom.

13 **LinkedIn's Position:**

14 LinkedIn agrees with and adopts Zoom's position.

15 **Proposed limitations or modifications of the discovery rules:**

16 **Plaintiffs' Position:**

17 Plaintiffs anticipate needing more than ten (10) depositions.

18 **Zoom's Position:**

19 Zoom believes it is premature to depart from the ten-deposition limit set forth in Rule 30,
 20 including because the scope of discovery is not yet known. Zoom believes the parties should meet
 21 and confer as discovery evolves, should the need for additional depositions arise.

22 **Facebook's Position:**

23 Should the consolidated amended complaint name Facebook as a defendant, Facebook agrees
 24 with the positions stated by Zoom.

25 **LinkedIn's Position:**

26 LinkedIn agrees with and adopts Zoom's position.

1 **Privilege and confidentiality issues:**

2 The Parties anticipate jointly proposing a stipulated protective order, which will address
 3 privilege and confidentiality issues, as well as other issues related to discovery.

4 **8. CLASS ACTIONS**

5 The Parties have reviewed the Procedural Guidance for Class Action Settlements.

6 **Plaintiffs' Position:**

7 Plaintiffs anticipate filing a motion for class certification.

8 **Zoom's Position:**

9 Zoom does not believe that any of Plaintiffs' anticipated claims can be maintained on a class-
 10 wide basis and will oppose class certification.

11 **Facebook's Position:**

12 Should the consolidated amended complaint name Facebook as a defendant, Facebook agrees
 13 with the position stated by Zoom.

14 **LinkedIn's Position:**

15 Based on the allegations in the complaints, LinkedIn does not believe class certification is
 16 likely to be appropriate in this case, and will oppose class certification.

17 **9. RELATED CASES**

18 This Court has ordered the following cases related:

10. RELIEF

Plaintiffs' Position:

The relief sought by the Plaintiffs and class, includes but is not limited to:

- a. Monetary damages to be determined at trial;
- b. Declaratory relief;
- c. Injunctive relief;
- d. Plaintiffs costs in connection with these actions, including attorneys' fees, consultant and expert fees, and other expenses, and
- e. any other relief that the Court deems just and proper.

Zoom's Position:

Zoom reserves all rights, claims and defenses available to it under the law, including to seek relief if appropriate, once the operative complaint has been filed. Zoom denies that Plaintiffs are entitled to any relief whatsoever in connection with the causes of action pled in their various

⁵ This case was dismissed on July 14, 2020.

1 complaints prior to consolidation, or that the classes alleged in those complaints can be certified in
2 this case. Further, Zoom believes it is premature to opine on methods of calculating potential
3 damages before Plaintiffs have filed their consolidated amended complaint.

4 **Facebook's Position:**

5 Should the consolidated amended complaint name Facebook as a defendant, Facebook agrees
6 with the positions stated by Zoom.

7 **LinkedIn's Position:**

8 LinkedIn reserves all rights, claims and defenses available to it under the law, including to
9 seek relief if appropriate, once the operative complaint has been filed. LinkedIn denies that Plaintiffs
10 are entitled to any relief whatsoever against LinkedIn in connection with the causes of action pled in
11 the lone complaint with claims against LinkedIn that has been consolidated into this action, or that
12 the classes alleged in that complaint can be certified in this case. Further, LinkedIn believes it is
13 premature to opine on methods of calculating potential damages before Plaintiffs have filed their
14 consolidated amended complaint.

15 **11. SETTLEMENT AND ADR**

16 Pursuant to ADR Local Rule 3-5 and Civil Local Rule 16-8, on July 7, 2020, the parties have
17 met and conferred regarding the available dispute resolution options and filed their respective ADR
18 Certifications. Plaintiffs and Defendant Zoom have chosen private mediation from among the
19 required options and will continue to meet and confer about potential mediators and the appropriate
20 timing of mediation.

21 Should the consolidated amended complaint name Facebook and/or LinkedIn as defendants,
22 Facebook and LinkedIn will confer with counsel for Plaintiffs and Defendant Zoom about ADR
23 options.

24 **12. CONSENT TO MAGISTRATE JUDGE FOR ALL PURPOSES**

25 The parties have declined to proceed before a Magistrate Judge.
26

13. OTHER REFERENCES

The parties agree that these cases are not suitable for reference to binding arbitration or a special master.

14. NARROWING OF ISSUES

Plaintiffs' Position:

Plaintiffs do not identify any issues that may be narrowed at this time.

Zoom's Position:

At this early stage of litigation, and given that Plaintiffs have not yet filed a consolidated amended complaint, Zoom is not in a position to identify specific issues that can be narrowed by agreement. Zoom's anticipated Rule 12 motion may eliminate, or at least significantly narrow, the issues in this litigation.

Facebook's Position:

Should the consolidated amended complaint name Facebook as a defendant, Facebook agrees with the position stated by Zoom.

LinkedIn's Position:

LinkedIn agrees with and adopts Zoom's position.

15. EXPEDITED TRIAL PROCEDURE

The Parties agree that the case is not appropriate for an expedited trial procedure.

16. SCHEDULING

The Parties' respective positions on scheduling are set forth below. The Parties have had preliminary discussions and will continue to meet and confer on this issue.

Plaintiffs' Position:

Based on a proposed trial date of September 27, 2021, Plaintiffs propose the following deadlines, assuming discovery proceeds immediately in a cooperative manner:

Initial Disclosures:

August 14, 2020

Fact Discovery Cut Off:

April 30, 2021

Class Certification Motion due:

February 12, 2021

1	Opposition:	March 5, 2021
2	Reply:	March 19, 2021
3	Expert Disclosures:	May 18, 2021
4	Rebuttal Expert Disclosures:	June 1, 2021
5	Expert Discovery Cut Off:	June 15, 2021
6	Last Day to File Dispositive and Daubert Motions:	July 6, 2021
7	Opposition:	August 2, 2021
8	Reply:	August 23, 2021
9	Final Pretrial Conference:	September 13, 2021
10	Jury Trial:	September 27, 2021

12 **Zoom's Position**

13 As discussed above in Section 7 (Discovery), because Plaintiffs have not yet filed an
 14 operative complaint, and because Rule 12 motions may eliminate or substantially narrow the claims
 15 in this case, Zoom's position is that discovery should be stayed pending resolution of any Rule 12
 16 motions filed by Zoom (either to the forthcoming operative complaint or to any subsequent amended
 17 complaints).

18 Likewise, Zoom's position is that it is premature to set specific deadlines for class
 19 certification, designation of experts, discovery cutoff, hearing of dispositive motions, pretrial
 20 conference, and trial until the Rule 12 motion is resolved and the scope of the operative complaint, if
 21 any, is clear. Zoom respectfully proposes that once the Court has finally resolved Zoom's Rule 12
 22 motion(s), and assuming they do not fully dispose of the case, the parties promptly meet and confer to
 23 propose a schedule for the remainder of the case. In the alternative, Zoom would not be opposed to
 24 the Court setting the deadline for Plaintiffs to file their motion for class certification 240 days after
 25 the Court's final resolution of Zoom's Rule 12 motion(s), with appropriate attendant discovery
 26 deadlines.

1 Plaintiffs and Zoom have agreed upon a schedule regarding initial disclosures and briefing
 2 Zoom's response to the consolidated amended complaint, as follows:

Event	Date
Last day to file Plaintiffs' Consolidated Amended Complaint	July 30, 2020
Last day to file Initial Disclosures	August 14, 2020
Last day for Zoom to answer, move, or otherwise respond to the Consolidated Amended Complaint	September 14, 2020
Last day to file Plaintiffs' opposition to any Rule 12 motion(s) filed by Zoom in response to the Consolidated Amended Complaint	October 14, 2020
Last day for Zoom to file reply (or replies) in support of any Rule 12 motion(s) it files in response to the Consolidated Amended Complaint	November 2, 2020

13 **Facebook's Position:**

14 Should the consolidated amended complaint name Facebook as a defendant, Facebook agrees
 15 with the positions stated by Zoom and the schedule set forth immediately above.

16 **LinkedIn's Position:**

17 Should the consolidated amended complaint name LinkedIn as a defendant, LinkedIn agrees
 18 with the positions stated by Zoom and the schedule set forth immediately above.

19 **17. TRIAL**

20 **Plaintiffs' Position:**

21 Plaintiffs have requested a jury trial. Plaintiffs believe that the trial will last approximately 15
 22 court days.

23 **Zoom's Position:**

24 Zoom reserves the right to demand a jury trial on any of Plaintiffs' claims. In light of the
 25 early stage of this case, including the absence of an operative complaint, Zoom cannot presently
 26 estimate the length of trial, which will depend on the scope of the case (if any) after the Court's
 27
 28

1 ruling on Zoom's Rule 12 motion, as well as on Plaintiffs' anticipated motion for class certification
2 and Zoom's anticipated motion for summary judgment.

3 **Facebook's Position:**

4 Should the consolidated amended complaint name Facebook as a defendant, Facebook agrees
5 with the positions stated by Zoom. Facebook further states that any Unfair Competition Law claim in
6 the consolidated amended complaint must be tried to the Court.

7 **LinkedIn's Position:**

8 LinkedIn agrees with and adopts Zoom's position.

9 **18. DISCLOSURE OF NON-PARTY INTERESTED ENTITIES OR PERSONS**

10 Zoom filed its Certification of Interested Parties in each of the Related Cases as required
11 under the Local Rules. Facebook filed a Notice of Interested Parties in the *Hurvitz* action before it
12 was transferred from the Central District to the Northern District of California. *See* Dkt. 32, No.
13 5:20-cv-03258-LHK (May 7, 2020). LinkedIn has filed its Certification of Interested Parties in the
14 *Hurvitz* case before it was transferred from the Central District to the Northern District of California.
